Church of the Tabernacle. There was a very large attendance at the Taber-nacle yesterday morning, the impression being that the Rev. Dr. Hicks would allude to the exe-

### A LETTER TO THE POST.

LOCUST CREEK, VA., June 23, 1882. Your letter, premium-list, and specimen copies of the Post received. I could easily got a club at my post-office but for your abuse of Senstor Mamy post-office but for your abuse of Senator Mahone, which renders it impossible for me to get
aubscribers. This is a Readjuster stronghold, and
not a place for the Massey doctrine. I am extensively acquainted, and all I have seen who favor
Massey now (all Funders) were opposed to him
when he was in full accord with the Readjuster
party. I firmly believe, notwithstanding the many
falsehoods to the contrary, that Mahone is more
popular in Virginia to-day than he ever was.
Please give publication to this, that your readers
may know our sentiments with regard to General
Mahone and Parson Massey.

Dear Sin: The visit which I made last year to your vineyards, wine-presses, and yaults at Passalc, N. J., satisfies me thoroughly that the wines produced by you are pure and unadulicrated, and the very best that can be offered to the public for medicinal uses.

Acting upon my favorable impression at the time, I have since recommended the Port Wine, more particularly in my practice, and am satisfied with marked benefit to my patients.

There can be no better proof to the doubting mind as to the Wine being made of the finest Oporto Grape, than a visit to your acres of land covered with the vine bearing the luxuriant fruit. Wishing you success in your praissworthy enterprise, I remain respectfully yours,
